### Complete Plans For Garfield

Monday.  
To Mott-Smith, Honolulu.  
4:21 p. m. Party arrived Judge Matthewman's house.  
ATKINSON.

The foregoing wireless was received yesterday afternoon, and it indicates that notwithstanding mishaps to automobiles and other slight accidents that the Garfield party is progressing in the trip across the islands.

According to the plans laid down, the party should have arrived at Hana this morning, and gone from there to Nahu in carriages. From here the party will go along the Hana coast on horseback, meeting the autos at Kailua, and going to Makawao. It may be, according to Secretary Mott-Smith, that they will go from here to Olanda, a distance of about five miles, on horseback.

Secretary Garfield will certainly have seen all there is to see in double-quick time, for the party is due at Haleakala at 1 o'clock in the morning. Tomorrow a visit will be made to Waikuku, where a reception is planned; Lahaina and Kahului. The party is expected to return here Thursday morning between 4 and 5 a. m., and all of the morning will probably be taken up in doing Government business here. Garfield may also be presented to the Planters' Association Thursday morning. Thursday noon he will lunch at the University Club, where he will meet the heads of the various Federal departments in the Territory. At 2 o'clock in the afternoon he will speak before the Chamber of Commerce, and at 4:30 the Secretary will view a special drill or parade at Fort Shafter. At 8 o'clock in the evening he will go to the University Club, as that will be Hawaiian night there. Friday is named as Pearl Harbor day. Secretary Garfield and the Governor will leave Honolulu in the morning at 9 o'clock in the morning and will probably spend the whole day inspecting the harbor. In the evening Garfield will speak publicly at Aala Park.

Governor Frear and Secretary Garfield will spend the night on board the cruiser St. Louis, which will leave here at 5 o'clock Saturday morning for the island of Kauai. The St. Louis will cruise around Kauai by way of Hanalei, arriving at Wa-

### Tenyo Maru Makes Fast Trip

NEW JAPANESE LINER TENYO MARU THAT ARRIVED IN HONOLULU HARBOR TODAY ON HER INITIAL VOYAGE ACROSS THE PACIFIC

The magnificent new T. K. K. Empress was laid up for ten days at Yokohama, quarantined on account of the plague, and the ship had to be put on board the Japanese liner for San Francisco.

Wireless she carries can operate used in fine shape. The operator of the Tenyo is J. M. Owada. He talked with the Maine and Alabama last night, 90 miles distant, and he also talked with the stations at various points on the islands, and with the

She was not expected to make over 17 knots an hour, on the average, but she actually averaged something over this, and on her best day averaged 18.53 knots per hour.

But she came in with flying colors and after some difficulty was docked. She brings 721 tons for this port of Oriental freight. Altogether, she has 7000 tons, which is her full cargo. Among the items is 2000 bales of silk.

The silk cargo is very heavy owing to the fact that some of the goods which would regularly have gone to Canada by the Empress of China are on board the Tenyo. The men at 5 p. m. Here they will go ashore, spending all Saturday night, Sunday and Sunday night on the island. The St. Louis will leave there for the Coast Monday morning, coming by way of Honolulu, where a launch will be sent outside and Governor Frear brought ashore.

The Tenyo Maru sails at 3 o'clock tomorrow afternoon. The Alameda sails at 10 tomorrow morning, and there is a good deal of speculation as to whether the big liner will catch the speedy little Oceanic boat.

E. D. Tenney entertained a party of business friends Monday at luncheon at the Commercial club in honor of Capt. W. H. Matson.

### GREAT HOOKUP FOR FLEET BOYS

The meetings of the fleet executive committee will hereafter take place in the Chamber of Commerce rooms, and the chairman of various subcommittees are requested to attend more regularly.

Walter Dillingham of the Commissary Committee reported today that the hookup will be a grand affair and that the Island District Magistrates are expected to secure an abundance of fruits.

An appropriation of \$110 was passed for 20,000 pictorial pamphlets to be furnished the men of the fleet.

W. C. Weedon reported that the Seamen's Institute and a place at the corner of Berea and Alakea streets will be open to the men of the fleet as rest stations.

Chairman Carter will confer with Captain Rees about the exact date of the fleet arrival and report at tomorrow's meeting.

The Territorial Grand Jury met yesterday, and as a result five indictments were returned, but they were all placed on the secret file. The arrangements are set for Thursday morning at 9 o'clock in Judge Robinson's court. It is probable that the Grand Jury will not be discharged until August 15, when a new year will be named.

The persons indicted were as follows: Blanche Martin, fornication; Inagi, maintaining; Inagi, selling liquor without a license; Manuel Cruz, intercourse with a female under the age of ten; and Maximin Brillante, assault with a weapon. Blanche Martin was arrested this noon.

Harry A. Wilder has tendered his resignation as examiner of chauffeurs to the Board of Supervisors on account of his intended departure from Honolulu. E. C. de Lovelace has filed an application for the position. He cites as references Harry A. Wilder, Frank Thompson, Geo. Wells and F. W. Macfarlane.

### DEVELOPMENTS IN THE AFONG CASE

Mrs. Bessie R. Burns Won't Abide By Agreement

The plea in bar, which has been heard before Judge Lindsay, in the Afong case the last few days, is attracting considerable attention at present. The case was originally named as that of Carrie B. Riggs vs. Afong et al., and the plea in bar was to the effect that the case had already been settled by compromise.

It seems that so far as Mrs. Riggs is concerned, the case has been settled by compromise, but the latest development is that Bessie R. Burns has refused to abide by the agreement, and that she gave notice to the other signers of it, before the last one had signed, and after she herself had affixed her signature to the document, that she withdrew her name from it. This, of course, immediately brought on new complications, and it may be that the case will drag out to considerable length before it is finished.

As yet nothing startling has developed. The reading of the deposition of J. J. Dunne, who was formerly the attorney for Mrs. Afong, has been going on, and numerous motions to strike out certain portions of the answers have been heard.

Thompson & Clemons are representing Mrs. Burns and A. Perry is representing the eight other children.

### VISITORS MAY GO ON ST. LOUIS

Visitors will be received on the cruiser St. Louis tomorrow. Shortly before noon today she finished coaling, 1350 tons being stowed in the bunkers yesterday and this morning. She will be away this afternoon, getting rid of the grime, but will be bright and clean as a new pin tomorrow, and fit for the inspection of the public.

The jacks were bathing in the dock this morning, swabbing down just as their ship is.

## GETTING READY FOR GARFIELD MEETING

The executive committee of the Republican Central Committee is getting very busy in the matter of making arrangements for the public meeting at Aala Park next Friday evening at which Secretary Garfield will talk to the people of Hawaii. It is fully realized that the opportunity to have an address from a man of such prominence as the Secretary is a most valuable one, and the committee intends to make the most of the occasion. While the committee will hold a meeting tomorrow afternoon to discuss the arrangements, Secretary William Savidge, in the absence of Chairman A. G. B. Robertson and Vice-Chairman John C. Lane, who are both on the mainland, where they went to attend the National convention at Chicago, is looking after some of the details. He says that the arrangements will be complete in every way, and nothing which can contribute to the comfort of the audience will be overlooked. The meeting will actually open at 8 o'clock in the evening, but the Hawaiian band, under the leadership of the veteran Kappelmeister, will be at hand at 7:15, and will from that hour discourse sweet music to entertain the waiting multitude. The suggestion has also been made that Herr Berger might be induced to compose a special Garfield march in honor of the distinguished visitor, if there is sufficient time for him to pull his muse's leg for the necessary inspiration. The platform and the grounds surrounding it will be brilliantly illuminated, and seats will be provided in great number. Savidge states that there will be enough to accommodate at least fifteen hundred people. Savidge will this afternoon confer with man A. G. B. Robertson and Vice-Chairman John C. Lane, who are both on the mainland, where they went to attend the National convention at Chicago, is looking after some of the details.
